

CALL FOR PAPERS

MHMT 2022

7th WORLD CONGRESS ON MOMENTUM, HEAT AND MASS TRANSFER

APRIL 10 - 12, 2022 | LISBON, PORTUGAL

MHMT'22 is composed of 3 conferences, while each conference consists of an individual and separate theme, they share considerable overlap, which prompted the organization of this congress.

The goal of this undertaking is to bring together experts in each of the specialized fields, and at the same time allow for cross pollinations and sharing of ideas from the other closely related research areas. Interested authors, researchers, and industrial experts are invited to register for the conference that best resonates with their technical background. At the same time, attendees are permitted, and even encouraged, to attend talks from co-located conferences.
