

MHMT CONGRESS 2026

The 11th World Congress on Momentum, Heat, and Mass Transfer

14 - 16 April , 2026 | Paris, France

The goal of this Congress is to bring together experts in each of the specialized fields, and at the same time allow for cross pollinations and sharing of ideas from the other closely related research areas. Interested authors, researchers, and industrial experts are invited to register for the conference that best resonates with their technical background. At the same time, attendees are permitted, and even encouraged, to attend talks from co-located conferences.

The congress is composed of 3 conferences.

ENFHT 2026 - 11th International Conference on Experimental and Numerical Flow and Heat Transfer.

ICMFHT 2026 - 11th International Conference on Multiphase Flow and Heat Transfer.

CSP 2026 - 11th International Conference on Combustion Science and Process.
